Books of account shall be kept with every department of the city by the city clerk, under the direction of the Supervisor of Finance, and report shall be made annually to the city council at its September meeting, which shall contain an accurate statement, in summarized form and also in detail, of the financial receipts of the city from all sources and of its expenditures for all purposes. Such report shall also include a statement of the indebtedness of the city, for what incurred and how evidenced. The city shall appoint a property clerk or designate some person to perform the duty of such office, who, under the direction of the Supervisor of Finance, shall purchase, hold, issue, and keep account of all personal property that may be required for the city. Such property shall be issued only upon an itemized requisition of the official or head of department requiring same, and shall be duly charged against such person and receipted for. No broken, worn, or otherwise useless tools or other property shall be discarded or abandoned, but all property and tools not required for actual service shall be returned to the storage in charge of the property clerk, and all property issued shall remain a charge against the person receiving same until so returned and credited, or satisfactorily accounted for. Every officer, board, committee, head of department, and other agent or servant of the city who shall have during the preceding year had, received, or disposed of any of the property of the city, shall annually during the first week in September make a full, detailed, and accurate report of all such property, as of the first of September, to the property clerk, and said property clerk shall make a like report as of September first, an account of all property had and received by him, showing all property owned and acquired during the preceding year, any income derived therefrom, and the disposition of the same and every part thereof. The property clerk shall also keep a record of the real property of the city, the purpose for which used, and what, if any, income is derived therefrom, and include a statement thereof in his annual report. ORDINANCES AND POWERS.

Sec. 11. The city shall have power to enact and enforce all ordinances, rules and regulations within the police power of the State deemed needful or convenient for the good government of the city or for the protection and general welfare of persons or property, and to define, prevent, and summarily abate nuisances at its own expense or at the charge of the person or persons causing or suffering same upon their premises. In furtherance of such power and purpose the police jurisdiction of the city to abate nuisance and to make and enforce sanitary regulations shall embrace all territory and inhabitants within one mile of the corporate limits of the city in every direction, and within such bounds and for such purposes the city shall have and possess all the police power of the State and may enforce the observance of its ordinances, rules and regulations by imposing appropriate penalties for violations thereof; but it shall not be compelled to exercise such authority further than may be needful for the protection of health and the preservation of order and good government within the city. The city shall have power to levy, collect, and expend taxes for all purposes consistent with the welfare of the community and not forbidden by law; to make ordinances and regulations for the government of the city; to order, locate and relocate, lay out, construct, repair, maintain, charge, improve, beautify, light and clean streets, alleys, walks, bridges, parks, playgrounds, gardens, cemeteries, and the like; to organize and maintain proper and needful municipal courts inferior to the Supreme Court; to create, organize, regulate, equip, and maintain police and fire departments, and appoint, grade, regulate, and control the officers, members, and employees thereof, and fix and prescribe their terms of office or employment, authority, duties, and compensation; to make and enforce regulations to guard the city against fire; to establish, administer, regulate and control all necessary prisons and reformatories; to regulate and inspect buildings and other structures; to organize, equip, and maintain a health department, having control and direction of all health and sanitary regulations of the city, and fix the duties, powers, authority, terms of office and employment, and compensation of

COURT.

Municipal court. Mayor to preside. Civil jurisdiction. Criminal jurisdiction. Jurisdiction as committing magistrate. Courtroom. Docket. Policeman to attend court. Mayor to issue process and administer oaths. Fees. Punishment for contempt.

Sec. 12. There shall be maintained in the city, from and after December first, one thousand nine hundred and fourteen, a court, inferior to the Supreme Court, which shall be known as the Municipal Court. It shall be presided over by the mayor, and in his absence or disability, by the mayor *pro tem.* or acting mayor. Such court shall have civil jurisdiction over all actions arising out of the ordinances of the city or for the recovery of penalties for the violation thereof, and of all criminal or *quasi*-criminal actions, for the offenses of abandonment or failure to support wife or family, carrying concealed weapons, assaults, assaults and batteries (less than felonies), enticing servants or employees, and all other offenses whereof the punishment cannot exceed one hundred dollars fine or sixty days imprisonment, or both, which criminal jurisdiction shall be concurrent with that of other courts already vested with jurisdiction thereof. Such court shall also have the jurisdiction of a committing magistrate as to all offenses whereof the final jurisdiction rests with some higher court. The court shall be held at a convenient place to be provided by the city council. The mayor shall keep a docket wherein shall be entered a record of all his doings in every case and the disposition thereof. The chief of police or some policeman under his order shall attend all sessions of said court, preserve order therein, and execute its orders and process. The mayor shall have power and authority to issue every writ and process recognized by the laws of North Carolina and applicable to matters within his jurisdiction, to administer oaths, and to do all and everything usually incident to his office. His fees shall be those provided by law for justice of the peace, and for services not so provided for, such fees as obtain in the Superior Court. Contempts in said court

may be punished by fine not exceeding twenty-five dollars or imprisonment not exceeding thirty days. In cases where the mayor desires the services of counsel in the prosecution of any criminal action in said court, he may require the attendance of the city attorney or his assistant for the purpose, and tax for his use the same fee taxed for solicitor in the Superior Courts. The municipal court shall have power to deal with offenders under the age of fifteen years in all cases except felonies against the person and capital offenses. All offenses against the law, committed by persons under the age of fifteen years, within the territory embraced by the police jurisdiction of the city, shall be delinquencies, and all warrants against such youthful offenders shall be for delinquency, setting out some act now constituting a criminal offense, and not naming the particular crimes embraced in such accusation. The municipal court shall not in any instance be compelled to hold any such youthful person for the Superior Court for any act unless the same shall constitute a felony against the person or some capital crime, but may adopt such system of parol, probation, reports and supervision as may in the judgment of the court seem best adapted to reclaim such offender from vicious and criminal courses. The court may commit such offender to the custody of any industrial school, reformatory, orphanage or home within the State prepared to receive and care for such youth or to any suitable individual within Vance County, subject, however, at all times to the control of the court. These provisions shall not have the effect to take from the courts the power to impose the punishment prescribed by law for such criminal acts as may be committed by such youth, nor prevent the holding of such youth for trial by the Superior Court, in cases where the same may be deemed proper. Upon all such charges of delinquency as may be sent to the Superior Court of Vance County or to the recorder's court of Vance County, the judge and the recorder shall have the same discretion herein given the municipal court. In all trials in the municipal court, except in criminal actions within the jurisdiction of justices of the peace, the defendant shall be entitled upon demand to a jury trial under the regulations now prescribed by law for jury trial in justices' courts, except that the jury shall be drawn from a jury box provided by the city council, containing the names of competent jurors residing within said city. There shall be a right of appeal from the municipal court to the Superior Court of Vance County in all cases in the manner now provided by law for appeals from justice's court.

The authority of the police shall not be confined within the police jurisdiction of the city, but may be exercised anywhere in Vance County. They shall not leave the police jurisdiction of the city without permission of the mayor, except in pursuit of an accused person, otherwise likely to escape. Whenever for any reason it shall not be practicable to take any person who shall be arrested with or without warrant immediately before the proper court, the chief of police and any sergeant of police may upon a charge of misdemeanor or violation of city ordinance take the recognizances and bonds of such prisoners with good security for their appearance before such court at a time to be named not to exceed two days from the date thereof, and such recognizance or bond shall be in all respects as operative and binding as if taken in due course by a court having authority to take same. Such duties may be imposed upon the police as the city council may deem proper, and such council shall also fix their salaries, and provide that the same shall be in full compensation for their services. In such case the city council may provide that the police fees shall be paid into the city treasury to the credit of the general fund, or it may provide under suitable rules and regulations to be prescribed by ordinance that such fees shall constitute a special fund for old age and disability pensions for police and their dependent families, and may from time to time supplement the same by such appropriations from the general fund as may be practicable.

PRISONS AND REFORMATORIES.

Prisons, workhouses, and reformatories. Work of convicts. Sentences. Sentences by other courts. Proviso: punishment of women and children.

Sec. 14. The city shall have power to establish, regulate, and maintain prisons, workhouses, and such other places of incarceration and such reformatory institutions as it may deem expedient to provide for working convicts upon its streets and public work and to employ the inmates of such institution upon the streets and other public works of the city in its discretion. The municipal court of the city may in the cases now prescribed in section one thousand three hundred and fifty-five of Pell's Revisal sentence convicts therein to imprisonment in the county jail of Vance County or to any such prison or institution as is herein provided for, or to work at hard labor upon the streets and other public works of the city, if desired by the city authorities; otherwise, to work upon the public roads of Vance or other county. Justices of the peace of Vance County and judges holding the terms of the Superior Court in Vance and other counties and the recorder of Vance County may in like manner sentence the convicts in their respective courts to labor upon said streets or other public works: *Provided, however*, that no woman or child under fifteen years of age shall be put to labor upon the streets, roads, or

other public works, nor shall any such child be imprisoned in association with known confirmed criminals: *Provided further*, that said city shall not be compelled to receive or provide for convicts who are unable on account of ill health or otherwise to perform the work required of them, and shall return all such to the sheriff of the county from which they were sentenced to be held in jail or disposed of according to law by the proper authorities of the county. Proviso: prisoners unable to work.

INDIGENTS.

Sec. 15. If any indigent person shall be found within the city in a condition requiring immediate aid or relief, or if any apparently indigent person shall die or be found dead within the city, whose burial no person will undertake, and the county shall have no provision to meet such emergency, to be ascertained by inquiry of the register of deeds, the mayor may at the cost of the city provide such aid, relief, or burial as may be necessary, and make report thereof, with a statement of the expenditures, to the board of county commissioners, and they shall reimburse the city therefor. If such indigent or dead person have no settlement in Vance County the board of commissioners shall have the same right of recovery from the county of such person's legal settlement as is provided in cases where the necessary relief is extended by the county authorities direct, and also the right of recovery in all cases from any estate that may be discovered belonging to such supposed indigent. Aid, relief, and burial of indigents. Report to and reimbursement by county. Recovery of expenses.

FIRE REGULATIONS.

Sec. 16. The mayor, chief of the fire department, and one alderman, the chief of the fire department and two aldermen, or any three aldermen present at a fire, may order the destruction of any house when it shall be necessary to arrest the progress of the fire, and no person shall incur any liability, civil or criminal, for obeying such orders. In the absence of the persons named, the acting chief of the fire department and any three reputable citizens may make such order. The city council shall establish fire limits within which no building shall be erected, repaired, added to, or removed, except to some place outside the fire limits, but in conformity with the fire and building law of the State, and shall appoint or designate an inspector and provide for the inspection of buildings in conformity with the general law of the State. Destruction of houses in arresting fires. Fire limits. Building inspector.

STREETS AND PARKS.

Sec. 17. The city shall have exclusive power to establish, lay out, construct, open, close, alter, widen, extend, grade, regrade, care for, pave, supervise, control, repair, maintain, adopt and change grades, improve, vacate, and regulate the use of streets, sidewalks, public alleys, squares, parks, playgrounds, cemeteries, bridges, and public places within its corporate limits, and may Streets, parks, and other public places. require railroad companies to keep flagmen and gates at railroad crossings, and to raise or lower grade crossings as may be deemed best. Land may be acquired for any and all of said purposes, within or without the city, by purchase, gift, or condemnation, as provided in this act; and the same and all and every right and interest therein shall be inalienable except by a three-fourths vote of all the members of the city council in regular meeting. No street shall hereafter be accepted, purchased, condemned, opened, or maintained at public expense, in whole or part, unless the same shall be at least fifty feet wide and shall conform to the plan adopted by the city council; but this shall not prevent the extension or maintenance of streets which have heretofore been accepted, nor the acceptance of streets laid out upon which lots have been sold and improved before the ratification of this act. The city shall own the fee in all its streets, sidewalks, alleys, squares, parks, cemeteries, and public places, unless some other estate or interest be otherwise expressly provided in writing, and three years continuous possession of the same with or without a deed shall import a dedication of the same in fee to the city for such public use, as against every person, firm, or corporation, except infants and persons *non compos*, and as to such and their heirs, after one year from the removal of such disability. The fact that any such street or alley has been open and in continuous public use as such and has been worked by the town or city shall constitute all the possession required under this act. In all cases where the town has already had possession of any such land for three years, all and every person, firm, or corporation claiming any right, title, interest, or estate therein shall bring action within two years from the ratification of this act to establish the same, or the city shall be deemed seized thereof in fee. The city shall have power to make permanent construction, improvements, or repairs of streets and sidewalks, but shall first procure the services of a competent civil or municipal engineer who shall be a graduate in engineering of some reputable institution and shall have had at least five years experience as such engineer, who shall make and report to the city council a survey and plat of the streets, sidewalks, curbings, drains and cross drains, to be embraced in any such permanent work, and the proposed grade thereof, which plat shall show all the lots abutting thereon, with their frontage, and shall be accompanied by an estimate of the reasonable cost of such improvement. The city council may then order the construction of such work according to such plans and survey as may be adopted, under the direction and supervision of its engineer, either by its own forces or under contract. The sidewalks shall be constructed at the charge of the abutting property to the extent of one-half the cost thereof. If the work shall be done under contract, the total sum to be paid for the completed contract shall be fixed in the ordinance or resolution authorizing same. If any engineer, alderman, or other

Upon the completion of any such work, one-half the cost of the sidewalk shall be apportioned and assessed according to frontage upon and against the abutting lots, and the same shall be a charge and lien upon such lots against all and every owner, mortgagee, trustee or lessee thereof. The amount so assessed against each lot shall be marked upon the engineer's plat on file in the city clerk's office and entered upon the city tax list of the current year against the property and shall be collected as other taxes. If any property-owner shall give notice to the city clerk within sixty days after the completion of such work that he desires to pay such charge in installments, he shall have the privilege of paying same in five equal annual installments to be due at the same time taxes are due and collectible, and such installments shall bear annual interest at the rate of six per centum per annum from the time of the completion of the work until paid.

Sec. 18. No franchise, lease, license by whatever name, or grant, to occupy or use the streets, alleys, parks, squares, and other public places of the city, either on, through, across, under or over the same, and no other franchise, shall be granted by the city to any association, corporation, or individual for a longer period than thirty years, nor shall any renewal or extension of any such franchise already made or which may be hereafter made be valid, if made more than eighteen months before the expiration of the original grant and unless three months public notice has been given of the application for such renewal, by publication in some newspaper of general circulation in said city. Such grant and any contract made in pursuance thereof may provide that, upon the termination of the franchise or license, the plant as well as the property, if any, of the grantee in the streets, avenues, alleys, and other public places shall thereupon, without further or other compensation to the grantee or licensee, or upon the payment of a fair valuation thereof, ascertained in a manner therein prescribed, be and become the property of the city; but in no event shall the grantee or licensee be entitled to any payment because of any valuation derived from the franchise. No franchise shall be granted in the first instance except upon notice of at least ten days in some newspaper published and having general circulation in the city, and after three readings of such proposed franchise at three separate meetings of the city council at intervals of at least one week after such publication of notice, which shall state the time

Whenever any person, firm, or corporation shall undertake under the terms of any grant, franchise, or license from the city to operate any public utility plant or works and to render any public service by means thereof, and shall fail for any reason to furnish or perform such service, the city may bring its action in the Superior Court of Vance County to compel such service, and upon such failure being made to appear to any judge having jurisdiction therein, it shall be his duty to appoint a receiver, as in other cases, to take charge and possession of the plant, works, or property and business of such defaulting grantee or licensee and furnish such public service according to the terms of such franchise or license, and the judge shall have power and authority to authorize the issue of receivers' certificates, which shall be a charge upon the property and effects of such firm or corporation, to obtain necessary funds for renewing, repairing, maintaining, and operating the plant, works, and business, and for the efficient performance of such public service, and to make such other orders, decrees, and judgments as may be proper to assure the performance of such service and to protect the rights and property of the parties. In a proper case he may order the sale of the property subject to the terms of such grant, franchise, or license, or he may continue the operations under and by such receiver until it shall be made to appear to the satisfaction of the judge that the owner is able and will render the public service required by such grant, franchise, or license, when such receivership may be determined and the property, plant, works, and business returned to the owner thereof. No franchise or grant of the city council shall operate to authorize any grantee thereof to hinder, obstruct, endanger, or impede the public in the free use of any street or public alley within the city, nor be so exercised as to interfere with the public convenience, health, or safety; and all mains, pipes, conduits, conductors, ways, poles, cables, wires, street railways, and all and every contrivance, appliance, fixture, apparatus, or other instrument of any character placed, located, or operated under any franchise or grant of the city shall be and remain subject to the control, regulation, and direction of the city council, notwithstanding the terms and provisions of any grant or franchise whatever.

CONDEMNATION OF LAND.

Procedure for condemnation of land.

Sec. 19. Whenever any land or right of way shall be required by said city for any purpose contemplated or permitted by this act, and for any reason the same cannot be acquired by purchase at a price agreeable to said city, the same may be taken at a valuation to be made by three freeholders of the city to be chosen by the city council, and said freeholders, after being duly sworn by the same person authorized to administer oaths to do full and impartial justice between the town and the owner or owners of

such land, shall take into consideration the damage or loss which may accrue to such owner or owners in consequence of such taking and also any benefit or advantage such owner or owners may receive from the improvement for which the land is proposed to be taken, and shall state the value and amount of each. The excess of loss or damage over the advantage shall be the measure of valuation of such land or right of way. Such freeholders shall make their report to the clerk of the Superior Court of Vance County, who shall docket the proceedings upon the special proceedings docket of his court and issue a notice to the owner or owners of such land to show cause at a time therein named why such report should not be approved, which time shall be at least twenty days. If any owner shall be an infant, a guardian *ad litem* be appointed as in other cases, and if any such owner shall be a nonresident or his residence not known, notice shall be given by publication as in other cases. If no exception be filed to such report within the time fixed therefor, the clerk shall approve the report and adjudge the city the owner of the property upon the payment of the damages and costs. If the city or any owner shall be dissatisfied with the award of such freeholders, they may file exceptions in the Superior Court within the time fixed for that purpose, which shall be heard by the clerk of the Superior Court, and either party may appeal to the Superior Court in term and demand a hearing by jury: *Provided*, that such appeal shall not hinder the city from proceeding with proposed improvement. Upon the payment of the damages adjudged and the costs of the proceeding the city shall become owner in fee of the land so condemned, whether the same be situate within or without the city. It may in like manner construct or authorize the construction of conduits and ways under and along the streets and public places within the city for wires, pipes, cables, mains, and such other uses as may be needful. It may erect a city hall for the accommodation of the courts and officers of the city and such other purposes as may be found desirable. Purchase of lands.

Sec. 113. That when, in the opinion of the board of aldermen, any land, right of way, privilege, or easement shall be required for the purpose of opening new streets or of extending or widening those already opened, or for the extension and maintenance of the drainage and sewerage systems of the city of Charlotte, either within or outside the city limits in Mecklenburg County, said city may purchase the same from the owner or owners thereof and pay such compensation therefor as may be agreed upon; and when, in any case, the board of aldermen of said city shall find that additional land, water rights, privileges, rights of way or easements within or outside the city limits in Mecklenburg County are necessary to the operation of the system of waterworks, it may likewise purchase the same at an agreed price; but if said board should be unable to agree with the owner thereof for the purchase of such land, rights, privileges, or easements therein, condemnation of the same for such public use may be made in the manner hereinafter set forth. There shall be filed with the Clerk of the Superior Court of Mecklenburg County by the city a verified petition praying for the appointment of commissioners to appraise and value the real property or rights, privileges, or easements proposed to be taken or condemned for the purpose aforesaid, and to ascertain and report to the court what sum should be paid to the owner or owners as damages for the property, rights, privileges, or easements so taken, the said assessment to be made by the commissioners according to the value of the property, or rights, privileges, or easements to be acquired for public use. The petition shall set forth and describe the particular property, rights, privileges, or easements proposed to be taken or condemned for the purpose aforesaid, and shall also state the names and residences of the owner or owners thereof, and other persons who have any interest therein which may be affected by the said condemnation, and whether any of the said owners are minors, with or without guardians.

Sec. 115. That if the clerk shall find that the property, rights, privileges, or easements described in the petition are required for public use, he shall make an order appointing five disinterested and competent freeholders of Mecklenburg County to ascertain and assess the value of the property, rights, privileges, or easements proposed to be taken and the damages to be paid to the owner thereof by said city. The clerk shall issue a notice of their appointment to the said freeholders, to be served upon them by the sheriff of the county, and when so notified they shall within five days go upon the premises and ascertain the value of the lands, rights, privileges, or easements proposed to be taken for public use, determine by a majority vote the amount of damages to be paid for the same, and make report of their findings to the clerk of the Superior Court of said county within ten days after notice of their appointment. Before making such report, they may take the evidence of witnesses offered as to any values to be assessed, but shall not hear argument by the parties interested. amount of loss or damage in excess of the said benefit or advantage, or the value or amount of such benefit or advantage in excess of loss or damage, as the case may be. That the value of any benefit or advantage to any lot or land arising from the opening, extending, widening, or improving any street, or from other improvements and accruing to said lot or land in common with other lots or land similarly situated, may be assessed by the said commissioners against the lots so benefited, and shall be a lien thereon, and the payment thereof may be enforced as provided in this act; but the amount of said assessment shall be stated separately in the report of the commissioners. Proceedings not affected by change of ownership.

Sec. 119. When any proceedings for appraisal of property or rights under this act shall have been instituted, no change of ownership or transfer of the real estate or any interest therein, or of the subject-matter of the appraisal or any part thereof, shall in any manner affect such proceedings, but the same may be carried on and perfected as if no such conveyance or transfer had been made or attempted to be made.

Sec. 120. If at any time after the attempt to acquire such property or rights by appraisal or damage or otherwise it shall be found that the title to said property or right proposed to be taken or which has been acquired or condemned is defective, said city may proceed anew to acquire or perfect such title in the same manner as if no appraisal had been made, and at any stage of the new proceedings the court may authorize the petitioner, if in possession of the said property or rights, to continue in possession of the same, and if not in possession, to take possession and use such property or right during the pendency and until the final conclusion of such new proceedings, and may stay all actions or proceedings against the petitioner on account thereof, upon such

Sec. 123. That title to any real estate, rights, privileges, or easements which have been condemned under the provisions of this act shall vest in the said city upon its paying into court or to the parties entitled to receive the same the amount of compensation or damages recovered against it, together with the costs adjudged to be paid by it in the said proceedings, and upon its further complying in all respects with the judgment of the court.

If by the clerk's certificate the petition is shown to be insufficient, it may be amended within ten days from the date of said certificate. The clerk shall, within ten days after such amendment, make like examination of the amended petition, and if his certificate shall show the same to be insufficient, it shall be returned to the person filing the same, without prejudice, however, to the filing of a new petition to the same effect. If the petition shall be deemed to be sufficient, the clerk shall submit the same to the board of commissioners without delay. At such election, if some other person than the incumbent is elected, the incumbent shall thereupon be deemed removed from the office upon qualification of his successor. In case the party elected should fail to qualify within ten days after receiving notification of election, the office shall be deemed vacant, and in that event the unexpired term shall be filled by election of the board, but the commissioner removed shall not be eligible to election by the board, and the person so elected by the board shall be subject to recall as other commissioners.
